

Today
The Lady of the Shoppe
Land of No Poverty
A Wandering Moon
1-4 of a Cent Per Mile
By Arthur Brisbane

HARVEST RANCH, SAN SIMON, CALIF., FEB. 9.—Paul Shoup's fast train, the dark, on its way from Los Angeles to San Francisco, stops at San Luis Obispo at 2:15 a. m., and leaves you opposite the coffee Shoppe, a small wooden shack. Railroad men in overalls, starting the day's work cheerfully, get breakfast there.

One orders bacon and eggs, adding, "try the eggs lightly." Translated for the cook, inevitably, by a young lady with curls around her chin, the order changes to "bacon and eggs on the bacon."

This young lady, dignified at all times, and affable, has her precise methods. A stranger from New York she does not see. Railroad men are the real people to her. The two Pullman porters get the bottles of milk they demand, drinking from the bottle. She takes their money, dropping it in the till from the tips of her fingers, as who should say: "To this, fate condemns me. But I do not murmur."

Then she talks warmly to the young railroad man with the deep chest, who has slumped over every other railroad man on the back, violently.

This is the land of no poverty, having been settled by Spaniards and Portuguese immigrants long ago. The Spaniards and Portuguese do general farming. Both work hard, always, hence the "no poverty."

At first it was embarrassing for the good priest, who celebrated a solemn festival with feeding the poor, a necessary part of the ceremony. However, his parishioners oblige by pretending to be poor, once a year, and all goes smoothly.

As you motor 50 odd miles along the Pacific from San Luis to this ranch, the moon sinking the ocean to rise presently in China, behaves strangely.

It appears on your left, from behind a rock 500 feet high. Then it shines above a hill and your right and presently it is behind you.

WEATHER
Fair tonight and Tuesday; slightly colder tonight; moderate in fresh winds.
High tide, 4:46 a. m., 8:16 p. m.
Sun rises, 6:48, sets 5:09.
Light on water, 5:30 a. m. to 5:30 p. m.
Details on Page 12.

Lawyer Is Inspired by Farrar Case to Act Against Officers as Rum Buyers

Inspired by the James H. Farrar case, a lawyer tomorrow in federal court will seek warrants against two prohibition agents and a charge of purchasing liquor if the agents testify to the purchase in a case against the lawyer's client.

One of the grandest of American lawyers, William J. Tobin, who has been called the "lawyer of the hour," is expected to appear in court tomorrow to defend the two agents.

The lawyer, who is known as "Whistle," is expected to drive the big packard car of Steve Zagar, says, "no fog, so we can do this nicely." This is to ensure you. He does it, naturally, telling you that cows do not run on the road as much as they used to do, and, anyhow, with the moon to see them.

It is a rather shabby moon, looking like the penny you used to put on the railroad track, after the train had passed over it.

Ask Gow to Stay on Job

President Hoover and Postmaster General Walter F. Brown today paid in a request that Postmaster General Charles E. Brown recommend to quit the postal service.

The request was contained in a letter from the Postmaster General to the Board of Post Office Commissioners, dated today.

When they were still missing after the crash, Russell, 44, a lawyer, and his wife, Mrs. Russell, 42, a nurse, were in a boat on the water.

Captured After Shooting in Lynn

YOUTH MISSING AT HANNIS WERE DROWNED; BOAT AND PURSE FOUND

Hannis, Feb. 10.—Robert "Bob" Ayling, 23, manager of Hannis Airport, and Oscar S. Ryerson, Jr., 21, of Worcester, student pilot, were believed to have been drowned when their canoe and Ayling's pocketbook were found by searchers today.

The young fliers left Hannis early yesterday morning, and were believed to have been drowned when their canoe and Ayling's pocketbook were found by searchers today.

When they were still missing after the crash, Russell, 44, a lawyer, and his wife, Mrs. Russell, 42, a nurse, were in a boat on the water.

CANGS FLEEING FROM CHICAGO

Chicago, Feb. 10.—Not a shot was fired today, but a dozen minor crimes were reported in Chicago throughout last night. The newest campaign by Chicago's payless police was underway.

186 Indicted in Huge Chicago Rum Ring

St. Louis, Feb. 10.—The St. Louis Post-Dispatch in a staff dispatch today from Springfield, Ill., said the Con. Foodstuffs Refining Company, the Fleischmann Yeast Company and 17 alleged moonshiners today were indicted on charges of conspiracy to violate the Volstead act.

MEXICANS HAD Official Gets by Hoover's Ban on Wets

Mexico City, Feb. 10 (INS).—Dr. Alexander Malar, recalled Soviet Minister in Mexico, today was reported "detained" at Vera Cruz under the 15th amendment in the Mexican Constitution.

The indictment, returned before Federal Judge George A. Carpenter, charged the illegal withdrawal of 1,000,000 gallons of alcohol from government sources.

WIFE DIVORCES RICH SILK MAN

Hadley, Mass., Feb. 10.—Mrs. Woodbury charged today that her husband, Mr. Woodbury, had been unfaithful to her for many years.

The divorce suit was filed in the Superior Court today, and the wife asked for a divorce on the ground of adultery.

MANY SUFFERERS SEEK HUMBER CANCER-KILLING EXTRACT

SEEKERS MARKED GAINS

Co-Discoverer of the Treatment Accepts 30 More Patients at Los Angeles

Los Angeles, Feb. 10 (United Press).—Seven Los Angeles cancer victims received their second treatment of the Otto-Humber cancer-killing extract today. Within eight days, one a married inventor had appeared in each of the cases. Dr. Humber accepted 30 new patients.

The treatment was given in the Southern Pacific Hospital, under the supervision of Dr. John B. Humber, co-discoverer of the extract. In addition to treating the cancer cases, Dr. Humber accepted 30 new patients.

On Saturday he appeared at Dr. Walter Edwards' office before evidence of the inadequate power of the most able surgeons of the nation for medical profession.

When the young surgeon arrived at the Southern Pacific Medical Center, he was met by a group of a hundred cancer victims awaiting him.

He was confronted with almost every known type of cancerous growth—of the breast, of the mouth, of the throat, of the lungs, of the stomach. Each of the patients looked upon this young enthusiastic surgeon as the one person in whose gentle hands they and their loved ones were to find relief.

First came a handsome young man not more than 30. It was his second visit and upon his face was a cancerous growth which many of the most able surgeons of the nation had been powerless to battle.

Purely Experimental, Says Dr. W. B. Colley

Dr. Walter Edwards, chief surgeon of the Southern Pacific Hospital, gave the following statement regarding the treatment of cancer patients by Dr. Humber and other Humber patients.

"I have read in the Examiner the report of the meeting of the Coast Surgical Association held on Saturday morning at the Hotel Del Monte."

"I am very thankful that your journal gave a full and faithful version of the report that was presented by Dr. John B. Humber, and myself concerning cancer work before the association."

"It is quite natural that the association should be given through the daily press before such work as is acceptable to the scientific medical world."

"I have given the exact remarks that were made by me, and emphasize that our work is purely experimental, and that the time has not yet arrived for the view as to its future possibilities."

"I am confident only through the laboratory and clinical experiments that we are planning to launch."

"Again I would emphasize that it was a judicious and scrupulous publicity campaign which is now being carried out."

"If the public press would follow the attitude and complete handling of your journal on cancer subjects, for time would soon come when the medical men would not hesitate to appeal to non-American press for publishing anything that has the slightest promise of benefit to humanity."

"I am confident only through the laboratory and clinical experiments that we are planning to launch."

U. S. Offers 4 Ships for Dreadnaught

Continued from First Page

U. S. OFFERS 4 SHIPS FOR DREADNAUGHT

For scrapping capital ships to each of the two countries will have to be made. The United States has offered the right to replace pieces of the scrapped tonnage with new ships on a five to one ratio, although possibly she would not build up to the British, three to one, ratio.

The British, three to one, ratio, the position that the United States would not have supported under these conditions.

Although the American proposal is regarded as only one of several alternatives for final settlement of the battleship question, some purpose was expressed in conference circles regarding it.

U. S. PAT ON CARRIERS

The American delegates are also standing pat on their claim for 15,000 tons of aircraft carriers to be added to the British proposal that tonnage be limited to 10,000 for the United States and Great Britain.

The United States possesses considerably more tonnage in the experimental stage and that an additional tonnage of only 25,000 will not be sufficient to get the full value out of the proposal.

Intense activity marked the opening of the week, which proved to be the most important in the history of the conference.

Today the committee dealt with special ships which had been suggested should not be included in any scheme of tonnage limitation.

POPE RECEIVES VATICAN SECRETARY OF STATE

Cardinal Pacelli Succeeds Gasparri in Important Vatican Office

Cardinal Pacelli Succeeds Gasparri in Important Vatican Office

Vatican City, Feb. 10 (AP).—Cardinal Pacelli today formally took office as Secretary of State for the Vatican State. He was received by Pope Pius XI early this morning and immediately thereafter commenced his functions, relieving Cardinal Gasparri.

Cardinal Gasparri was made Secretary of State for the Vatican in 1914, after his creation as cardinal in 1901. He is 67 years of age. Cardinal Pacelli is only a little more than 60.

Cardinal Gasparri resigned some time ago. He insisted on leaving his post at the end of his term, and the Pope begged him to remain longer, wishing him to complete the work he had begun toward bringing about reconciliation between church and state in the future.

The office of Papal Secretary of State is the most important in the Vatican government organization since that of the Pope himself. Without some force, the Papal Secretary of State must be able to handle all diplomatic relations. He must understand customs, the papal curia, and the Holy See and the Quirinal, the papal residence, in clear up many of the misunderstandings between the two governments, a position which is created to the outgoing cardinal.

Cardinal Pacelli has been until recently papal nuncio at Berlin, where he made a notable record for himself as a diplomat. He returned to Rome recently to be named cardinal and received from the Pope the office of Secretary of State.

Cardinal Pacelli's appointment is the sign of the first anniversary of the signing of the Lateran treaty, which ended the long-standing dispute between the Vatican and the Italian government.

Cardinal Pacelli is a member of the recently papal nuncio at Berlin, where he made a notable record for himself as a diplomat. He returned to Rome recently to be named cardinal and received from the Pope the office of Secretary of State.

Letters From Readers

Merchants See

Ruin in Tariff Bill

Editor Boston American:
The South Atlantic Mercantile Association believes that the tariff bill recently passed by the United States House of Representatives, which places many duties on the first list, is penalizing our New England industries to the extent of competition with the cheap labor of European countries, and if passed, will be so prejudicial to the shoe industry of New England and surrounding communities that it will practically mean its destruction.

We also believe that the bill provides inadequate protection to the textile industries of New England which are now laboring under the tremendous handicap of low tariff rates, and that it will retard their rehabilitation in many instances, bring about their end.

This letter has been sent to our President, Congressmen and Senators to use their influence to save us from this dire result.

JAMES R. KAY, SECRETARY.

Boston Tax Rate

In Danger Zone

Editor Boston American:
The officials at City Hall tell us that there will be a saving of two dollars in taxes this year. That will make the rate somewhat less than thirty dollars a thousand. Experts in municipal finance have said that the rate has arrived when taxes could be reduced by one dollar a thousand.

Therefore we are now in the danger zone. It is far too early in the financial year to admit that the danger line has been reached. That, unfortunately, seems to be the tendency.

The Legislature proposes the tax limit for Boston. If it is not reduced, it will be a disaster to the city. The limit is too high for all cities and towns, the "municipal" rate is far too high, and the rate will be on the verge of being both a labor and a capital.

The chairman of the Finance Commission said to the Legislature committee on Finance, "personally, I do not see any reason for a tax limit for Boston when there is none on any other city or town."

As little reason he might have that about his commission. The tax limit for Boston is a disaster to the city.

The Finance Commission for Boston have been saved from the hands of the people's money. Repairs, either under or over, will be to them.

During the last eight years the finance commission has been saving the city its own abolition, but all attempts to repeal or reduce the rate.

Boston tax rate, thereby saving millions. The sudden change now as indicated by the chairman.

A reckless and audacious administration put Chicago on the "tax" limit. Shall Boston also be "taken for a ride?"

At this early date, and before this year's money is expended, a real attempt should be made to prevent an increase of taxes this year. Not by reducing wages, but by discharging employees, not by stopping necessary public works, but by the elimination of inefficiency, waste and extravagance, which would more than offset necessary increases in expenditure, which enriches those, but so often impoverishes our cities and towns.

J. F. POWERS.

Says P. S. A. Blocks

Teachers' Raise

Editor Boston American:

In recent editions of all Boston newspapers I note that quite a stir is being made about the teachers of Boston not receiving proper recompense for their services. In the last campaign for the school committee, I maintained throughout the entire campaign that the school teachers of Boston were underpaid.

I wish now to assert that the reason for the teachers of Boston being paid only what is now being placed in the activities of the "Public School Association" has been the activity in calling itself the Public School Association. In reality this association has positively no connection with the school department excepting that through appropriating the title "Public School Association" it has succeeded in placing on the school committee four P. S. A. candidates.

This association, the members of which are not known, has through its P. S. A. school committee and women placed on the school department payroll teachers from Maine, Vermont, New Hampshire, Peabody, Newton and other cities, whilst eminently qualified graduates of Teachers' College have been compelled to leave homes and families, relatives and friends, and teach in one-room schoolhouses for meagre salaries. It is a shame upon the voters of Boston to hear that the P. S. A. is the enemy of Boston teachers for Boston schools, the enemy of home rule and the enemy of parent jurisdiction over the child.

I shall be present when the teachers of the Economic Association approach the Legislature for decent wages.

NOTABLES BACK WAR AGAINST DRUG EVIL

New York, Feb. 10.—The annual two-day conference of committees of the World Conference on Narcotic Education, will be held at Hotel McAlpin, February 20 and 21, it has been announced.

The gathering will be just ahead of the fourth annual Narcotic Education Week, which begins February 21.

Prominent among the speakers who will address the sessions of the two-day gathering will be United States Post-Atty. Charles H. Tuttle, Capt. Richmond Pearson Hobson, president of the International Narcotic Education group, Judge Cornelius D. Collins of New York City, Dr. Charles Shultz of the staff of Bellevue Hospital, Assistant United States Atty. Sylvester, and Col. D. W. McCormack, former director of revenue for the Puerto Rican government.

Rector will for the first time play an important part in the organization's program for raising a nationwide warning against the narcotic evil.

Not only will the two-day conference be held over St. James and W. 42nd St., but throughout the week prominent speakers will utilize the radio in delivering the association's message to the nation.

Co-operating with the organization will be several thousand ministers who will preach on the drug evil, and schools will assist in the campaign and newspapers are also going to generally co-operate.

Attorney Tuttle has sent out several thousand letters over his name, asking the cooperation from as many pastors and educators as possible.

The organization has an ambitious program of public relations, designed to lighten existing laws against drug importation and to provide hospitalization facilities for reclaiming addicts. The group has been working for several years, recently introduced in Congress by Representative Porter of Pennsylvania.

Porter's bill provides for the creation of a separate bureau to handle the narcotic situation, and the licensing of all persons legally entitled to deal in drugs.

Antique a Day

No. 19

Grandfather clocks have been placed throughout the years in the hall, at the turn of the stairs, and in undying years. The clock shown today is a treasured family heirloom. In its present form it probably presents a very different appearance from that which it had when it left the hands of its maker. The clock is owned by Giman L. Martin of 415 Bedford ave., Charlestown, who is a descendant in the eighth generation from George Giddings and Mary Tuttle who came to America on board the ship *Plant* from St. Albans, Vt., in 1825.

The clock originally had only four hands, similar to all early clocks, and has been twice reconstructed, having a mirror added on one occasion, and striking mechanism later. It was rebuilt in 1900 and a large pendulum substituted for the bob-pendulum of early days. Painted on the dial are the names of the various successive owners down to Lamont Giddings Burnham, cousin of the present owner.

Further discussion of this type of clock by an expert will be given in tomorrow's American.

The charitable column in Saturday's *Antique* column is typical of many to be seen throughout the week, showing that the nation's interest in the construction of household furniture, which was

in forward photographs and records for publication. In case on photograph is available, the American will send one of its staff cameramen to photograph your antique if you live in Greater Boston. Material should be addressed to "Antique Editor, 5 Winchester, Boston."

VATICAN BARS 'POLITICS' ON ANNIVERSARY

Rome, Feb. 10 (AP).—At the anniversary of the signing of the Lateran treaties—twenty-two years ago—there were reported at least three indications of greatly improved relations between the Holy See and the Fascist state.

The first was the Vatican's abstention from anything resembling political activity and overbearing polemics in its weekly bulletins to parishioners, directing the editors of these papers to confine themselves to purely religious subjects.

The second was the praise which *Osservatore Romano* gave the Italian government for its measures against the Fascist state for the physical and moral training of Italian youth.

It is understood in good authority that Auguste Turati, secretary of the Fascist party, who had a long talk with the Pope on Friday, the pontiff's ample assurance that young Italians of both sexes between the ages of 8 and 18 no longer would be trained separately in the martial exercises or girls in domestic instruction in the training of Catholic maidens.

The third cause for the belief since its invention.

About two hours after eating most people suffer from indigestion. They call it indigestion. It means that the stomach nerves have been over-stimulated. There is excess acid. The way to correct it is with an alkali, which neutralizes many times its volume in acid.

The right way is a Phillips' Milk of Magnesia—without a tasteless dose in water. It is pleasant, efficient and harmless. It has remained the standard with physicians in the 30 years since its invention.

that the relations between the state and church have measurably improved was the warm appreciation which the Roman Fascist press has shown in the Pope's open letter of last week condemning Bolshevist anti-religious propaganda.

Pope Pius XI. devotes most of his first page to the Pope's letter. The paper's editorial on the letter, Pope XI. devotes most of his first page to the Pope's letter.

Three Boston College Teams Entered in B. A. A. Meet

EGRESS OUT FOR RELAY TITLES

BOSTON COLLEGE will be represented by three relay teams in the annual B. A. A. meet on the Arena boards next Saturday night. Jack Ryder has entered his one and two-mile relay and freshman mile quartet.

The mile team starts up in dual competition with their old enemies, Holy Cross. The two-milers will face half-a-dozen opponents including Harvard, Holy Cross, M. I. T. and Bates. Coach Ryder is expected, in fact, to bat for 555 in the victory column.

Jack's two-mile outfit is taking its place at the top of the Eastern colleges. It hung up its second victory of the year at the Millrose games, trouncing Columbia and M. I. T.

Incidentally Ryder's two-milers came through according to Jack's prediction in the matter of time. They ran the distance in a minute 4.6 seconds, which was four seconds faster than the time in their first win at the Prout Memorial games.

BATTLE FOR PLACES

Ryder stated after the Prout, showing that his two-mile club should be under eight minutes here, the intercollegiate meet. If they do, they should win the college title and it seems that they will.

The battle for positions will be on again this week. Jack O'Brien and Brendan Moynahan are expected to bat for the one-mile team. Jack O'Brien, Tommy Magner and Tom Daley are expected to bat for the other two boys.

The one-mile team is still running in the rear. They trailed Holy Cross, Syracuse and Georgetown in New York and chances of their making the "Four" in the "Arena" Saturday night are very slim. However, they keep trying and may get somewhere. The team of Tom O'Brien, Joe McCabe, Bob Sullivan and Bill McCarty will probably remain intact for Boston. Passaic is still the injured lot and may not be ready for the Boston meet.

RELAY IN HURDLES

The freshman relay team will race some other visiting teams who have not yet been disclosed. The Spartans are represented by Leo McCauley, Don Fleet, Bob Jackson and Joe McKeown.

A prominent Boston College athlete in the open events will be Zdzislaw Kuzma, who has signed on as a high hurdler. He will be the first hurdler of the season.

Last year he captured the Boston College track and field title in the 110-yard hurdle race. He is expected to be awarded one of the 110-yard hurdle titles in the open events in the spring. He is expected to be awarded one of the 110-yard hurdle titles in the open events in the spring.

B. A. A. Officials Invite Elder to Run in Sprint

With such stars as Monty Walla, B. A. A. star hurdler, and Phil Edwards, track Canadian runner, already entered, efforts were being made today to obtain the entrance of Leigh Miller of the Hamilton College Club and Jack Elder, Notre Dame athlete for the 100-yard sprint.

The Boston Athletic Association is expected to be held at the Boston Arena Saturday night.

Memorable plays were being played for the 11th annual track meet of Harvard, Dartmouth and Cornell, scheduled to be held February 21 at the Boston Garden. Harvard has high hopes of a winning team, but will face stiff competition.

Both Harvard and Dartmouth will be entered in the B. A. A. games Saturday night as a final round-up for the big league triangular.

Terrier Fencers to Parry With B. C.

Boston University's varsity fencers will represent Boston College fencers in the St. Paul, St. 25 on Friday at 3 p. m.

All but three of the 11 members of the B. U. squad are veterans of last year's freshmen and varsity teams. The most notable is Sigman Lawrence, varsity member of three years' experience. William Dittmer, member of the freshmen team, a year ago, Philip Hartman, freshman captain last year, William Pawley, member of last year's varsity team, David Desmond, another former freshman member, John Holman, Bill Saunders and Emory Frederick, freshmen members, and Arthur Smith and Whitely Smith, new members of the squad.

Noise Increases Lead in Individual Score

New York, Feb. 10 (AP)—George Kauter of Rutgers has increased his lead in the race for individual scoring honors in the Intercollegiate Swimming Association.

Rutgers' flash has scored 66 points in four meets, more than double the total of his nearest rival, Kauter of Rutgers. The next man has scored 20 points in three meets. Kauter and Phillips of Rutgers are tied for third place with 10 points each. Navy has scored 10 points in three victories and no defeats.

WORLD CHAMPION ICE SKATER IN CARNIVAL

ICE STARS IN CARNIVAL

An international skating carnival will be held at the Boston Arena Wednesday for the benefit of the Convalescent Home of the Children's Hospital, which is located in Wellesley.

The famous European pair, Mr. and Mrs. Pierre Beaulieu, Paris, will give an exhibition of art and skill and will win the prize.

They have been pair champions of France for many years and both held the singles title for some time.

Sonia Henie, 17-year-old Norwegian girl, is one of the many fancy skaters who will appear at the Arena Carnival on Wednesday night, for the benefit of the Convalescent Home of the Children's Hospital.

QUINN TO SPEAK AT STUDENT SMOKER

The New York University student smoker will be held at the Boston Arena Wednesday night.

Quinn, who is a member of the Boston Athletic Association, will be the guest speaker at the affair.

He is a member of the Boston Athletic Association and will be the guest speaker at the affair.

PENN FIVE TO PLAY COLUMBIA

New York, Feb. 10 (AP)—An important game of the Eastern Intercollegiate Basketball League season will find Pennsylvania clashing with Columbia in New York Wednesday night. This game, involving the league lead, features the league's three-game schedule for the week.

By virtue of its thrilling 47-34 victory over Cornell in an overtime game at Ithaca Saturday, Penn is now undisputed possessor of first place with three victories and no defeats.

Columbia, however, remained in a pennant race with the Quakers with two victories in as many starts. Wednesday's game will break the percentage deadlock on way of another.

After the Penn game, the Quakers will travel to New Haven for a game with the last place Yale team Friday night. On Saturday, Yale, mouth tied with Princeton for second place, will play Cornell at Ithaca. Cornell is fifth in the standings but prospects of a big led victory over the Indians seem bright.

Argentine Poloists Win Coast Title

Los Angeles, Feb. 10—Argentina's polo team won the Pacific coast open polo championship by defeating the Midwest team on the latter's picturesque field by a score of 5 to 0.

Robert Wins by Kayo

Florence, Italy, Feb. 10—Robert Wins by Kayo, a 16-year-old Italian heavy weight champion, knocking out Buff in the fourth round of a title fight.

MacAndrew to Be Pro at Winthrop

MacAndrew is expected to be a professional at Winthrop. He is expected to win the fight.

Spit is a horrid word, but it is worse on the end of your cigar

... the war against Spitting is a crusade of decency ... join it. Smoke CERTIFIED CREMO!

Thousands of men who would gladly trounce a spitter caught in the act continue, nevertheless, to accept cigars rolled by dirty fingers and tipped with spit! And remember more than half of all cigars made in this country are made by hand, and therefore subject to the risk of spit!

Certified Cremo protects you against this abomination! Every tobacco leaf entering the clean, sunny Certified Cremo factories is scientifically treated by methods developed by the United States Government during the war. And its purity is safeguarded along every step of the way by amazing inventions that foil, wrap and tip the cigars without the possibility of spit!

Try a Certified Cremo—see how wonderfully good it is! Made of the choice-tenderest leaves that the crop affords, we claim Certified Cremo's quality is tastier than that of any other cigar. Don't let its 5c price stand in your way. Your physician has in mind a cigar like Certified Cremo when he recommends a mild smoke in place of heavy brands.

Crush-proof... immaculate... foil wrapped... Certified Cremo is the kind of cigar the late Vice-President Marshall undoubtedly was thinking of when he said: "What this country needs is a good 5c cigar!"

... at the gong it's "GO!"

... in a cigarette it's TASTE!

Chesterfield

SUCH POPULARITY MUST BE DESERVED

WHAT seems like a slight difference, in one cigarette, grows mighty important in a month's smoking. You might take Chesterfield's silky mildness for granted—but just notice that it never tastes "flat." And where else but in Chesterfield will you find such delicate shading of flavor, such spicy aroma of choice tobaccos, such rich and satisfying character? Better taste is always important—and in Chesterfield it's

"TASTE above everything"
